Re: Distributorship Poland

Herewith we inform the reader of this document that we, Badotherm, have appointed the company **Antykor Controls** as the distributor for the territory of Poland. Antykor Controls is established at:

Antykor Controls
Ul. Radarowa 8A
WARSZAWA 02 - 137
Poland

This appointment exclusively concerns the following Badotherm products:

- [x] Pressure gauges and pressure gauges with chemical seals
- [x] Temperature meters and Thermowells
- [x] Chemical seals for pressure transmitters
- [x] Manifolds, valves and fittings

Antykor Controls will technically be assisted by the world wide operating Badotherm Process instrumentation group. The validity of this document is till December 31st 2005 and will be renewed every year. No further rights can be derived from this.

All the products will bear the name Badotherm and are for this reason applicable to the general terms of sales of the Badotherm Group.

Yours sincerely,

Badotherm Process instrumentation by

S.R. Posthumus
Sales director
